

**Table 8. Preliminary Crude Imports by Country of Origin (For the Top 10 Importing Countries of 2022)<sup>1</sup>**  
(Thousand Barrels per Day)

| Countries <sup>2</sup>             | 2022<br>Percentage <sup>3</sup> | Current Week | Last Week |            | Year Ago |                   | 2 Years Ago |                   | Four-Week Averages |        |                   |
|------------------------------------|---------------------------------|--------------|-----------|------------|----------|-------------------|-------------|-------------------|--------------------|--------|-------------------|
|                                    |                                 | 6/2/23       | 5/26/23   | Difference | 6/3/22   | Percent<br>Change | 6/4/21      | Percent<br>Change | 6/2/23             | 6/3/22 | Percent<br>Change |
| Crude Imports By Country of Origin |                                 |              |           |            |          |                   |             |                   |                    |        |                   |
| Canada .....                       | 61.5                            | 3,504        | 3,589     | -86        | 3,603    | -2.8              | 3,971       | -11.8             | 3,598              | 3,533  | 1.8               |
| Mexico .....                       | 9.5                             | 647          | 913       | -266       | 711      | -9.1              | 423         | 52.9              | 723                | 790    | -8.5              |
| Saudi Arabia .....                 | 5.8                             | 66           | 534       | -468       | 349      | -81.1             | 144         | -54.4             | 307                | 426    | -28.0             |
| Russia .....                       | 3.3                             | 0            | 0         | 0          | 0        | 0.0               | 256         | -100.0            | 0                  | 0      | 0.0               |
| Colombia .....                     | 2.9                             | 127          | 286       | -159       | 143      | -10.9             | 137         | -7.0              | 242                | 235    | 2.8               |
| Iraq .....                         | 2.5                             | 430          | 114       | 316        | 196      | 119.5             | 173         | 148.4             | 214                | 262    | -18.4             |
| Ecuador .....                      | 2.4                             | 218          | 214       | 4          | 259      | -16.1             | 122         | 78.0              | 151                | 150    | 0.8               |
| Nigeria .....                      | 1.8                             | 144          | 98        | 45         | 194      | -25.9             | 264         | -45.5             | 162                | 138    | 17.2              |
| Brazil .....                       | 1.7                             | 71           | 182       | -111       | 42       | 70.6              | 261         | -72.7             | 143                | 155    | -7.4              |
| Libya .....                        | 1.5                             | 90           | 86        | 4          | 79       | 13.3              | 0           | 0.0               | 50                 | 60     | -16.4             |

– = Data Not Available.

<sup>1</sup> Preliminary data collected weekly. See the Petroleum Supply Monthly for updated data or the Petroleum Supply Annual for final data.

<sup>2</sup> Countries reported represent the top 10 countries based on annual import volumes from the PSM data as published on 8/31/2022 from the prior year full year. Some data estimated.

<sup>3</sup> Calculated from annualized import data of each country as a percentage of the total imports from the last full calendar year of the Petroleum Supply Annual as published on 8/31/2022.

Notes: Data may not add to total due to independent rounding. Differences and percent changes are calculated using unrounded numbers.

Data source: See page 29.
